PRESIDENT'S LETTER

To begin my final newsletter as president, I would like to say a heartfelt thank you to all my fellow board members (past and present), all the committee members, luncheon speakers and field trip leaders. And to all the members, without you, the PBS-SEPM would not be the great society that it is today.

The past 3 years serving as a board member has been a great experience and I am ever grateful to the wonderful people that I have had the privilege of working with in some of the most challenging of environments. I am particularly proud of the caliber of luncheon speakers and the excellent content provided to our members.

I would like to wish the incoming Board of Directors nothing but the best and look forward to what the future holds! Thank you again to everyone that supports our society and the sharing of Geoscience knowledge that make our professions one of the most fulfilling, even when the price of oil crashed below \$0!

PBS-SEPM President 2021-2022

Dan Scott

JOIN TODAY

WHY JOIN?

- Get involved in the community
- Meet others in your field
- Gain new leadership skills
- And much more

Volunteer with PBS-SEPM

If you are interested in volunteering with PBS-SEPM, below are the Board positions and committees;

Board Positions

- President-Elect
- 1st Vice President
- 2nd Vice President
- Treasurer
- Secretary

Committees

- Nominating
- Honorary Life
- Stratigraphic
- Scholarship
- Core Location
- Dedicated Service Award
- Distinguished Lecturer Series
- Webmaster
- Publicity
- One day Field trip
- Professional Field trip
- Lunch Arrangements
- Lunch Program
- Speaker Award
- Publication

Please email us at info@pbs-sepm.org to get more details about the position or committee

PBS-SEPM Luncheon— May

**May 17, 2022@ 11:30 AM, Ranchland Hills
Banquet Room**

\$25 Early Bird Rate, \$30 at the Door or \$10 BYOL/Student or \$5 Virtual

RSVP by 5/13/2022 to info@pbs-sepm.org or online at www.pbs-sepm.org

Jeff A. Smith – Consultant Geologist

Keynote Talk:

Join us as Jeff takes us on a journey starting at the time when oil prices were in the single digits, we drank Jim Beam at the rig, and the fancy new tool called a calculator had not been invented yet.

As a child growing up in upstate New York, Jeff loved everything about nature and the outdoors. In ninth grade he took an Earth Science class and fell in love with Geology, but in high school he found himself gravitating more towards Chemistry as he felt the job potential would be better. When he went to Union College as a Chemistry major, he quickly became acquainted with the Geology Department because the campus bar and grill, The Rathskeller, was ideally located in the basement of the Geology building. He started using his elective credits to take Geology classes in his Sophomore year and switched his major to Geology in his Junior year. Jeff was a field assistant to Peter J.R. Buttner, a Postdoctoral Fellow doing research in the Catskill Mountains. Peter Buttner told the renowned Gerald M. Friedman, known as one of the founders of modern sedimentology, about Jeff and Dr. Friedman offered him a full scholarship to Rensselaer Polytechnic Institute. In late 1969 Mobil was conducting interviews on campus and Jeff, never having interviewed for a job before, decided to sign up for an interview solely as practice. He was astounded when he ended up landing a job as a Petroleum Geologist in Midland, Texas, which was the only job opening they had in the whole country at the time.

How has the industry evolved over the decades? What things have remained the same? Please join us for a look back with Jeff Smith, as he tells witty and entertaining stories of his career and life experiences as a Petroleum Geologist who has been involved with projects in 24 different states.

BIOGRAPHY: *Jeff A Smith started as a Chemistry major but eventually transferred to a Geology major his Junior year. He graduated from Union College in 1968 with a B.S. in Geology in 1968. Post graduation, Jeff was expecting to get drafted into the Vietnam, but an opportunity to pursue a PhD came to him from Gerald M Friedman, doing so on a fellowship with field work looking at the Catskill Delta Sands. In the midst of his PhD program, Jerry had the opportunity to interview with Mobil, and was hired on in 1970 – completing his thesis and receiving an M.S. in Geology from Rensselaer Polytechnic Institute that same year. Jeff moved from New York to Midland, Texas to begin his career in the oil and gas industry.*

PBS-SEPM Luncheon—

PBS-SEPM is the Permian Basin Section of SEP—the Society for Sedimentary Geology.

However, you do not need to be a SEP member or a geologist to join PBS-SEPM.

PBS-SEPM prides itself on its success in providing high caliber speakers as well as exceptional core workshops and field trips. PBS-SEPM also provides scholarships to graduating high school students in western Texas and New Mexico. These scholarships are on occasion, offered to college students that have declared their desire to pursue a degree in the geosciences. Through continued support from the industry, PBS-SEPM can continue to provide excellent educational opportunities for the oil and gas industry.

If you would like to join PBS-SEPM, you may visit our website to learn more about us, download a membership form, and learn how to get involved.

Visit our website today to join, or sign up at one of our luncheons.

**Great
Resource for
your library**

Entire PBS-SEPM publication library (1955 – 2007)

There is a fully searchable Table of Contents—find a topic or author just by typing in the word(s). All publications are in Adobe PDF with all major articles being bookmarked, and all the figures are linked in the text for quick reference. Those areas that are off limits to geologists like the Glass Mountains or Sierra Diablos have been written up in these publications. Numerous out-of-print publications and figures and/or plates not published in the original guidebooks are now available in this library.

DVD I - Symposiums & Guidebooks (1955-1989)

Member- \$125.00 plus 8.25% tax and \$5.00 shipping and handling
Non-Member- \$150.00 plus 8.25% tax and \$5.00 shipping and handling

Sponsorship Information (2022-2023)

Do you have an idea for an interesting luncheon talk? Have a core workshop you'd like to present? Have some suggestions on how PBS-SEPM can better serve the geologic community? Send us an e-mail to share your idea, your PBS-SEPM Executive Board wants to hear from you!

Become a PBS-SEPM Sponsor and help support your local chapter

The PBS-SEPM hosts luncheon lectures, core workshops and field trips. We bring in guest speakers from all over the country to discuss current geological topics. Our lecture series, along with core workshops class, and field trips are led by experts in their chosen areas of geosciences.

PLATINUM - Your generous support of **\$1500 or more** will provide your company with recognition for two years on the Young Professional Field Trip (YPFT) (including guidebooks and other paraphernalia), core workshops, PBS-SEPM monthly luncheon slides, newsletters, website, and new publications.

GOLD - Your generous support of **\$1000** will provide your company with the same level of recognition as above for one year, excluding new publications.

SILVER - Your generous support of **\$700** will provide your company with recognition for one year on the core workshop/one day field trip (including guidebooks), PBS-SEPM monthly luncheon slides, newsletters, and website.

BRONZE - Your generous support of **\$400** will provide your company with recognition for one year on all PBS-SEPM monthly luncheon slides, newsletters, and website.

ALUMINUM - Your generous support of **\$250** will provide your company with recognition for one year on all PBS-SEPM luncheon slides and table tent for one luncheon date.

INDIVIDUAL - Your generous support of **\$50** will provide your business card advertised for one year on the PBS-SEPM website and each newsletter.

PBS- SEPM Sponsorships year: June 2021 to May 2022

Scholarships & Distinguished Lecturer Fund

Robert Read Distinguished Lecturer Fund

- The Robert Read Distinguished Lecturer Fund was founded to honor a bright, young geologist who had been an active member of both PBS-SEPM and WTGS and was tragically killed by a drunk driver. Donations from various members of both societies contributed to a membership donation fund that both encourages our continuing education efforts by helping offset the cost of bringing in a distinguished lecturer, usually in geosciences, but not required. With these funds, we will bring our members and community a distinguished lecturer to present at a dinner event.

Wendell J. Stewart Scholarship Fund

- The Wendell J Stewart fund is named for the famous sequence stratigrapher, was initially funded by the family, and then later through PBS-SEPM members who have contributed over the years. In the past, the scholarship was established to award high school students intending to pursue a college education in the geoscience field (declared major), and had evolved to include college students actively pursuing a geology degree when there were no other qualified candidates. Funding for this scholarship has waxed and waned over the years with the changes of the petroleum industry and because this scholarship was set up in such a manner that only the interest can be used to distribute funds, most scholarships in the last 30 years have been awarded through the PBS-SEPM main budget and not the scholarship fund. As of 2021, a resolution was passed by the executive board that allows funds to be distributed from the scholarship fund.

Sue Tomlinson Reid Scholarship Fund

- The Sue T. Reid Scholarship was ratified June 1, 2021. This scholarship is named in honor of an excellent paleontologist who was a pioneer of women in geosciences. This scholarship will be focused on helping honor Sue's memory by supporting women at the university level who are aiming for careers in Earth Science. Funding for this scholarship will be through contributions from members and sponsors of PBS-SEPM.

Corporate Sponsorships (2021-2022)

PBS-SEPM is grateful for the generosity of these fine corporate sponsors !

Platinum Sponsor

Your Company Logo could be in our newsletter showing your support of PBS-SEPM.

Individual sponsors are advertised on the PBS-SEPM website and each newsletter. Cost is \$50/year. If you are interested in a sponsorship opportunity, please call PBS-SEPM for more details at (432) 279-1360 or email info@pbs-sepm.org.
