If you are not already a member, consider joining today!

PBS-SEPM is the Permian Basin Section of SEPM—the Society for Sedimentary Geology.

However, you do not need to be a SEPM member or a geologist to join PBS-SEPM.

PBS-SEPM prides itself on its success in providing high caliber speakers as well as exceptional core workshops and field trips. PBS-SEPM also provides scholarships to graduating high school students in western Texas and New Mexico. These scholarships are on occasion, offered to college students that have declared their desire to pursue a degree in the geosciences. Through continued support from the industry, PBS-SEPM can continue to provide excellent educational opportunities for the oil and gas industry.

If you would like to join PBS-SEPM, you may visit our website to learn more about us, download a membership form, and learn how to get involved.

Visit our website today to join, or sign up at one of our luncheons.

Sponsorship Information (2022-2023)

Do you have an idea for an interesting luncheon talk? Have a core workshop you'd like to present? Have some suggestions on how PBS-SEPM can better serve the geologic community? Send us an e-mail to share your idea, your PBS-SEPM Executive Board wants to hear from you!

Become a PBS-SEPM Sponsor and help support your local chapter

The PBS-SEPM hosts luncheon lectures, core workshops and field trips. We bring in guest speakers from all over the country to discuss current geological topics. Our lecture series, along with core workshops class, and field trips are led by experts in their chosen areas of geosciences.

PLATINUM – Your generous support of **\$1500 or more** will provide your company with recognition for two years on the Young Professional Field Trip (YPFT) (including guidebooks and other paraphernalia), core workshops, PBS-SEPM monthly luncheon slides, newsletters, website, and new publications.

GOLD – Your generous support of **\$1000** will provide your company with the same level of recognition as above for one year, excluding new publications.

SILVER – Your generous support of **\$700** will provide your company with recognition for one year on the core workshop/one day field trip (including guidebooks), PBS-SEPM monthly luncheon slides, newsletters, and website.

BRONZE – Your generous support of **\$400** will provide your company with recognition for one year on all PBS-SEPM monthly luncheon slides, newsletters, and website.

ALUMINUM – Your generous support of **\$250** will provide your company with recognition for one year on all PBS-SEPM luncheon slides and table tent for one luncheon date.

INDIVIDUAL – Your generous support of **\$50** will provide your business card advertised for one year on the PBS-SEPM website and each newsletter.

Scholarships & Distinguished Lecturer Fund

Robert Read Distinguished Lecturer Fund

- The Robert Read Distinguished Lecturer Fund was founded to honor a bright, young geologist who had been an active member of both PBS-SEPM and WTGS and was tragically killed by a drunk driver. Donations from various members of both societies contributed to a membership donation fund that both encourages our continuing education efforts by helping offset the cost of bringing in a distinguished lecturer, usually in geosciences, but not required. With these funds, we will bring our members and community a distinguished lecturer to present at a dinner event.

Wendell J. Stewart Scholarship Fund

- The Wendell J Stewart fund is named for the famous sequence stratigrapher, was initially funded by the family, and then later through PBS-SEPM members who have contributed over the years. In the past, the scholarship was established to award high school students intending to pursue a college education in the geoscience field (declared major), and had evolved to include college students actively pursuing a geology degree when there were no other qualified candidates. Funding for this scholarship has waxed and waned over the years with the changes of the petroleum industry and because this scholarship was set up in such a manner that only the interest can be used to distribute funds, most scholarships in the last 30 years have been awarded through the PBS-SEPM main budget and not the scholarship fund. As of 2021, a resolution was passed by the executive board that allows funds to be distributed from the scholarship fund.

Sue Tomlinson Reid Scholarship Fund

- The Sue T. Reid Scholarship was ratified June 1, 2021. This scholarship is named in honor of an excellent paleontologist who was a pioneer of women in geosciences. This scholarship will be focused on helping honor Sue's memory by supporting women at the university level who are aiming for careers in Earth Science. Funding for this scholarship will be through contributions from members and sponsors of PBS-SEPM.
